A Beethoven Celebration!

Guest Conductor Michael Graham

Join us for a day exploring the music of Ludwig van Beethoven and the great nineteenth-century choral tradition that followed him. Beginning with Beethoven, we will journey through the Romantic sound-worlds of Mendelssohn, Brahms, Bruckner and Grieg, exploring music that ranges from the intimate and reflective to the gloriously dramatic. With the magnificent acoustic and mighty organ of Buckfast Abbey, this promises to be a wonderful opportunity to immerse yourself in some of the most beautiful and powerful choral music of the nineteenth century.
